What They're Saying

JG .

"After checking out about 15 different apartment complexes, this one really stood out. The management team (especially Rebecca and Meagan) was super professional and friendly, the whole place has a premium feel (I loved the coworking area), and the security setup, including the double garage doors, made a great impression. I ended

up going with another complex based on personal needs, but I know I'll miss what made this one special. If you're good with the area, this place is definitely worth a look, especially for the price point."

Local Feature

Bacari

Ready for your next go-to spot? Bacari is where it's at for a chill night out. This local favorite serves up delicious, shareable Mediterranean small plates and fire-roasted pizzas in a super charming garden setting. Hit them up for their famously affordable "open bar" deal featuring unlimited house drinks for 90 minutes, and stick around for the epic live music that keeps the energy high in a few of their locations! Trust us, you need to try the lamb hummus and their legendary "Best Cake You've Ever Had." Perfect for date night or a group hang!
